## General Comment

I do not want congress to include coverage for contraception as it violates my right to religious freedom--due to my beliefs, it is immoral to support birth control, and medication/procedures that allow for abortion. It is not fair that my tax dollars and that of my employeer would go toward supporting something I believe is immoral. That is a CHOICE that people make (to use contraception/abortion) and I have a CHOICE not to participate in something that I believe to be an abomination. Thank you for your listening to a registered voter.
